**III. WRITE YOUR DAILY EXPERIENCES THAT DESCRIBE YOUR EXPERIENCES DURING STUDYING ENGLISH IN COVID-19 OUTBREAK ERA.**

❖ Please write approximately 10 until 15 sentences using correct grammatical English.

ANSWER : **My experience in learning English during the pandemic period is more about understanding speaking English, because for the Informatics Engineering department it is very important to be able to speak English. Therefore, during the pandemic period, I am interested in improving my ability to speak English, where the current time is the most appropriate because there are not too many activities. English is also our key in learning programming languages, because in general, commands in programming languages use English words, so they are very much in line with Information Technology.**
